Activity 1
Data Graphic Interpretation

Name ____________________________  Title of Graphic ____________________________
Date ______________________________

1. What ideas or pieces of information does the author present? List as many as you can.

2. Identify main conclusion told in the graphic. This should not just be the title, but what conclusion you can make from the information provided.

3. Pick one point on the image that represents a number. What is that number (you can approximate, if necessary) and what are the units? If known, what is the source of the data?

4. Describe how the author represents data in the graphic? (Ex. Using color to differentiate two things.)

   >
   >
   >
   >

5. What other ways does the author tell the audience about the key message(s)?

6. What questions do you have about the graphic? What confuses you?

7. What do you like/dislike about the graphic?
