

What Values are Important to You?

Circle three values that are important to you. You may add a value that is not on the list.

community	cooperation	perseverance
competition	empathy	order
diversity	fairness	patience
equality	openness	generosity
faith	simplicity	respect
hard work	hope	joy
honesty	self-reliance	curiosity
individual responsibility	humility	compassion
justice	independence	reliability
loyalty	resourcefulness	originality
challenge	strength	leadership

Please turn over.

Choose one of the three values you circled.

Why is that value important to you?

How can that value help you in math class?
