

Mean, Median, & Range

Directions: Create a set of five positive integers from 1 to 20 that have the same mean, median, and range.

Bonus: What is the greatest possible mean, median, and range you can find?

Median with Constraints

Directions: Create a statistical data set of at least 10 numbers such that:

1. All of the numbers in the data set are whole numbers.
2. The median is not a whole number.
3. The median is not part of the data set.
